

# Don't Forget to Vote Tomorrow

What happens to Wilkes-Barre in the next four years is up to you.

The Mayoral Election Is Very Important to the future of the City

If you stay at home or vote for the same people that people tell you to vote for, please do not complain if things get worse and nothing gets better.

I don't have enough financing to be at every polling place in Wilkes-Barre but I am still your best bet for defeating crime in Wilkes-Barre; cleaning up the City, and making it affordable for regular people - not just the elite and politically important.

★ If I don't see you at the polling place, please don't forget the name..... ★

★ **Brian Kelly for Mayor**

★ **God Bless You All!**
